VERTERA

VERTERA SENSATION

Next level of your
health care

A man with a beard, wearing a white shirt, is seen from the back, looking out over a city skyline at sunset. The sun is low on the horizon, creating a warm, golden glow. The city buildings are silhouetted against the bright sky. A decorative wavy line separates the image from the text on the right.

Life in a city has cut us from what strengthened our

immune systems for
centuries...

VERTERA

Immunity is the only thing that can protect you from illness!

Your lifestyle affects your immune system by more than 50%.

The most dangerous enemies of your immune system:

- stress, lack of sleep;
- bad eating habits;
- unfavorable environmental conditions;
- inactive lifestyle, bad habits;
- excessive physical and mental stress.

These are external threats, and we must fight them. But strengthening the body from the inside is important too!

VERTERA

How to strengthen your immune system and stay healthy?

Important measures:

- Detoxification: removal of toxins from the body.
- Consuming beneficial substances at the cellular level.
- Activation of the energy potential of cells.

What are the results?

- Strong immune system, excellent metabolism.
- Feeling of freshness, vigor, pleasant tone.
- Rejuvenation and beauty!

VERTERA

Vertera Sensation

Ground-breaking product!

The “Magnificent Eight” of components to strengthen your immune system, nourish and detox your body!

Composition:

Birch bark dry extract (*Betula pendula* Roth), larch dry extract (*Larix dahurica*), dried crushed food kelp (thallus) (*Laminaria*), *Haematococcus Pluvialis* dry extract, larch butt dry extract (lat. *Larix dahurica*), dried fucus (powder), dried spirulina (powder), black cumin dry extract (lat. *Nigella sativa*).

Kelp

A source of more than 140 substances beneficial for the body, including: micro and macro elements, organic iodine, amino acids, including essential, polyunsaturated fatty acids, alginates, vitamins A, C, D, E, group B.

Benefits:

Improves overall well-being

Helps to cope with chronic fatigue, relieve stress, boosts your energy by restoring the energy balance of cells.

Detoxes the body

It activates the elimination of toxins, radionuclides, heavy metal salts.

Restores hormonal balance

Provides the thyroid gland with easy-to-digest iodine, which is necessary to produce thyroxine (T_4) and triiodothyronine (T_3), which are involved in all metabolic processes of the body.

Protects the heart and blood vessels

It has a beneficial effect on nutrition and oxygen supply to the heart muscle, lowers cholesterol levels, and normalizes blood pressure and heart rate.

Fucus

Rich in vitamins D, E, PP, B. focus contains more vitamin C than any other plant that exists on earth! A valuable source of alginates, macro- and microelements: I, K, Na, Ca, Mg, Si, Fe, Cu, Br, S, P.

Benefits:

Rejuvenates the body

Accelerates metabolism, cell regeneration, restores water-lipid balance thus improving the condition of the skin, hair, and promotes weight loss.

Improves blood supply to the heart and brain

Strengthens blood vessels, lowers cholesterol and blood sugar levels, prevents blood clots, strokes and heart attacks

Strengthens the immune system

It increases the body's resistance to infections and neoplasms, able to suppress many viruses.

Helps to address gut problems

Effective in nutritional complexes for treating and preventing gastritis, ulcerative colitis

Astaxanthin

The most powerful plant antioxidant, with its efficacy hundreds of times higher than that of vitamins C, E, beta-carotene, which is why it's called a super-antioxidant! Astaxanthin fights against the main causes of aging — oxidation and inflammation.

Benefits:

Combination protection of the body

It fights inflammation, prevents cardiac, circulation, digestive diseases, improves reproductive health, protects the nervous system, skin, eyes.

Prevents cancer

Its antitumor activity makes astaxanthin one of the leading carotenoids! It prevents damage, oxidation, mutations in cells.

Boosts the immune system

It protects immune cells from the damaging effects of free radicals. It protects the body from infections and viruses.

Stimulates brain activity

It prevents atherosclerosis and Alzheimer's disease, oxygenates the brain tissue, improves intelligence and memory.

Spirulina

72% of it is an easy-to-digest protein, which includes almost all amino acids necessary for a human. It contains polyunsaturated acids omega-3, -6 and -9

Benefits:

Supplies nutrients to every cell!

The amino acids in the composition are essential for all cells of the human body!

Maintains sharp vision

It prevents retinal inflammation, can be used to treat myopia and other eye diseases.

Detoxes

It promotes the active elimination of toxins, accelerates metabolism in general.

Helps control appetite and blood sugar levels

By properly feeding the body, spirulina components create a sense of fullness by controlling appetite and preventing overeating.

Black cumin

A natural antimicrobial, anti-inflammatory and tonic.

Benefits:

A natural antiseptic

It has anti-inflammatory, bactericidal, antifungal and even antiparasitic effects.

Natural SPA complex

It is used for weight loss! It accelerates lipid metabolism. It is an ingredient in many cosmetic products for face and body skin.

Natural tonic

It tones up, boosts memory and performance, stimulates the brain activity, improves mood.

Natural gastro- and enteroprotector

It improves digestion, cleanses the intestines, has an antispasmodic and choleric effect.

Betulin

A substance found in birch bark, known for its antimicrobial, wound healing, immunomodulatory, gastro- and hepatoprotective effects for a long time.

Benefits:

Activates immunity

It strengthens the antiviral and antimicrobial barrier function. It protects from the harmful effects of free radicals on immune cells.

Inhibits the tumour growth

It selectively inhibits the growth of atypical cells and maintains the resistance of healthy cells. It reduces the toxicity of chemotherapy.

Protects the liver and stomach

It improves the state in liver diseases, increases the resistance of the gastric mucosa to the aggressive action of gastric acid.

Acts as an antiseptic

By killing many types of microorganisms, it shows a pronounced anti-inflammatory effect. It promotes wound healing, tissue regeneration.

Arabinogalactan

Healing larch extract. It slows down aging, improves the functions of the heart, nervous system, gastrointestinal tract. It prevents cancer, viral and bacterial infections.

Benefits:

Strengthens the immune system

As a probiotic, it stimulates the growth of beneficial intestinal microflora, strengthens antiviral and antimicrobial barrier functions.

Promotes weight loss

It helps control appetite, blood sugar levels, improves digestion, and is usually included in effective weight loss programs.

Has a detox effect

It binds and removes toxins, pathogens, heavy metals from the body, protects against the negative effects of antibiotics.

Protects the heart and blood vessels

It strengthens blood vessels, normalises blood pressure, lowers cholesterol levels, preventing atherosclerosis.

Dihydroquercetin

Larch butt extract. Another powerful natural antioxidant in the composition — free radicals simply won't stand a chance!

Benefits:

A model antioxidant!

Dihydroquercetin is used as a standard to assess the ability of other antioxidants to fight free radicals (ORAC).

Supplies nutrients to the heart

It improves coronary blood flow and access of nutrients to the heart, reduces the risk of ischemic and hypertensive heart disease

Protects the brain

It is one of the most effective products used to treat various brain damage.

Protects the lungs

Supports healthy breathing by blocking reactive oxygen intermediates that constantly attack the protective barriers of the pulmonary alveoli.

VERTERA

Vertera Sensation

Now they all are in
one product!

Sensational eight of
immunomodulators

VERTERA

How to take Vertera Sensation?

The sensational product is a result of many years of scientific research on the complex effects of natural ingredients on the human body.

Method of administration

1 pill 3 times a day with meals.

Recommended course duration — 1 month.

Very convenient!
1 bottle — 1 course!

Efficacy. Safety. Quality

We guarantee product quality, backed by research, certification and many years of experience in the development and manufacture of beauty and health products.

VERTERA

New quality of life with Vertera Sensation!

Take care of yourself and your loved ones! Boost your health through the combination effects of natural immunomodulators and feel your body rejuvenating!
